Fun game. Good music, interesting game play mechanics. Mostly played through online-coop with a friend. The skill / trinket / leveling system is pretty well balanced and fun. The balancing of spells between your party is also a cool way to encouragement teamwork / play style.. Fun game. Good music, interesting game play mechanics. Night of the Blood Moon Dabman: When the Haters Dab Back Support Bmc Studio! : I've been making games for the past 5 years (I know, I can't believe it either) I really want to improve the quality of my productions, but there is only so much I can do with my current budget. That's why I'm asking your help! I know it's not everyone who enjoys my games, it's not even everyone who likes me, that's totally understandable, but I'm asking for everyone who laugh at my games, who enjoys watching people play my games, imagine my games with a big production budget, the same type of humor you love (Or love to hate) but with actual special effects, higher camera quality, better editing, better props! Everything is possible. I've dropped college to focus on Bmc Studio, because I believe in me. I believe in us. Together we can show the world what a crazy man with a weird dream can do! Nothing is going to stop me, us.. Dabwoman is out! : Discord:. Are you ready to be in the shoes of Dabman? : Nobody can argue with this, Dabman is the dankest superhero in the universe.
